

The S-Class Saloon

Mercedes-Benz

Cares for what matters.

The new Mercedes-Benz S-Class Saloon stands for poised assurance and responsibility. A personality with a sense of awareness that is there for you at every level, working with you and thinking ahead, always with your wellbeing at heart. A partner that you can rely on and in which you can confidently put your trust. Get on board.

Modern aesthetics and generous luxury in ideal harmony.

Reduced to the essentials. The exterior design, the design idiom of sensual purity in its most contemporary form. In profile with perfect proportions, flush door handles and new wheels. The distinctive front section with pioneering DIGITAL LIGHT headlamps and the tail end with two-section lamps, emphasising the car's width.

An interior to inspire.

The new S-Class blends exquisite materials with fine surfaces and a progressive design. A showcasing of high-tech features and infotainment with intuitive operation. With the 64 colours of the active ambient lighting, exciting colour schemes are created which can alternate dynamically or illuminate areas in different colours.

Always ready for you.

Extended intelligent safety systems such as the Driving Assistance Package offer maximum comfort and convenience, while also engendering added trust. The new headlamp technology DIGITAL LIGHT also points in this direction, while innovative airbags in the backrests of the front seats make travelling in the rear safer.

Wellness at the touch
of a button.

The new S-Class can fulfil many wishes, meaning that you climb out more relaxed than when you climbed in. Look forward to the energizing individual wellness massage functions part of the multicontour seats. The top-quality sound to match always comes from the Burmester® 3D surround sound system.

The Mercedes-Benz S-Class remains beyond compare.

The new Mercedes-Benz S-Class is on the road to the future with the ultimate in driving refinement. The expressive design, unique convenience and safety technologies, the pioneering digital cockpit with the infotainment system MBUX as well as luxurious materials enable a driving experience the like of which has never been seen before in a car.

Digital cockpit.

The combination of 3D cockpit display, MBUX head-up display in the front windscreen and the central OLED touch display represents an innovative and at the same time intuitive control concept. Thanks to the MBUX voice control the new S-Class can adapt to your requirements and support you.

Rear comfort highlights.

Inspiration and first-class feel-good comfort for the second row. Move the Executive seat with the leg rest into a pleasant position for sleeping. Relieve tension in the neck and shoulders with the heated cushion. Or relax as you work with the MBUX rear tablet, while also controlling the various comfort and entertainment functions.

Active ambient lighting.

You experience a technological leap here with the active ambient lighting. It combines aesthetics with innovative driver information and extended functions. Light strips and trim elements all the way round meld to form an additional level of lighting. This also supports driving assistance systems visually and thus emphasises the intelligence of your vehicle.

3D driver display

Keep your eye on the important things in the 3D driver display. The three-dimensional warnings and functions of the driving assistance systems are immediately noticeable with their striking 3D and shaded effects. Another trailblazing effect is the fascinating 3D image of cars, trucks, buses or motorcycles ahead of your vehicle.

Automatic door handles.

Flush, automatically extending door handles in an elegant design are available upon request in conjunction with the electronic drive access authorisation system KEYLESS-GO. The doors can be locked and unlocked keylessly, by touching the door handles.

New rims.

The wheel range for the new S-Class Saloon includes high-quality light-alloy wheels. The stylish sportiness of the vehicle is given additional emphasis with the modern wheel design, wide track and flush wheels.

Standard equipment and appointments.

Cutting-edge technology, a high level of comfort and exceptional luxury – this is what the Mercedes-Benz S-Class stands for. It already demonstrates this claim with its standard equipment. Examples include the Driving Assistance Package and MULTIBEAM LED. The interior is also fully in keeping with the vehicle's status, with leather seats, ambient lighting and MBUX infotainment.

The AMG Line.

With the AMG Line you are making a clear statement on dynamism, both inside and out. The AMG front apron in an A-wing design underscores the expressive character of your vehicle. In addition, the multifunction sports steering wheel in nappa leather with flattened bottom section, the AMG pedal assembly and AMG floor mats lend your interior sporty highlights.

The Night Package.

With the Night Package your sporty exterior looks even more expressive. As part of this, numerous elements are retained in high-gloss black. Depending on the paint finish, this creates contrasts or flowing transitions. In each case your vehicle gains individuality.

The Exclusive Package.

Enjoy a fantastic atmosphere with the Exclusive Package. Virtually all surfaces are finished in exquisite nappa leather, the roof liner in high-quality DINAMICA microfibre. This exceptional high-class appeal is perfectly complemented by additional trim elements.

AIRMATIC.

AIRMATIC combines the advantages of several suspensions in one – choose between comfort and dynamism. The set-up range is particularly impressive. The air suspension provides outstanding ride comfort even on difficult surfaces or during powerfully sporty performance. Practical: the level control system based on the vehicle load.

Rear axle steering.

You enjoy no fewer than three advantages with the rear axle steering: even more confident roadholding, considerably increased agility and, last but not least, better manoeuvrability – for example when parking. The rear wheels steer against or in the same direction as the front wheels depending on the driving speed.

Technical data.

S500 4M	
Displacement (cc)	2999
Rated output ([hp] at rpm)	435 / 6.100
Torque	520 / 1.800-5.800
Acceleration from 0 to 100 km/h (s)	4.9
Top speed (km/h)	250
Fuel consumption ⁴ (l/100 km)	8.4-7.8
Combined	
Luggage capacity (l)	505
Fuel tank capacity (l)	76

The best for the engine:
Mercedes-Benz genuine engine oils.

Dimensions.

All figures in millimetres. The pictured dimensions are mean values. They are valid for vehicles with standard equipment and in unladen condition.

SPORT - F O R - GOOD

Mercedes-Benz AG is one of the founding partners of the worldwide “Laureus Sport for Good Foundation”, which was established in 2000. It is the Mercedes-Benz brand’s most important social initiative. Laureus Sport for Good supports children and young people in need through social sports projects, opening up new perspectives and imparting important values such as team spirit, respect and determination. “Change the Game for Kids” is our mission statement which we wish to share with you.
